

At  
**Colley Lane Primary Academy**

Our Hive is a social, emotional and mental health (SEMH) provision aiming to support KS1 and KS2 children who are struggling in a mainstream classroom. Our Hive offers children access to a curriculum more tailored to their individual needs with an emphasis on supporting their SEMH. Through building trusted relationships with our trauma informed qualified staff, we hope to engage children and help them to believe in themselves, raise their self-esteem and reach their potential.

We believe that all children should be provided with the opportunity to be the best they can be and our aim is to provide a more nurturing environment where those children, some of whom may be at risk of exclusion, can have the opportunity to change their story and make positive steps towards re-engaging in their learning journey within a supportive smaller setting.

We work closely with teachers, parents and other professionals to ensure children have the support needed with an aim to re-integrate them back into the classroom or other alternative education. Our provision is short stay and the timing and length of placement can be developed bespoke with schools. We work closely with teachers, parents and other professionals to ensure children have the support needed to re-integrate them back into the classroom or other alternative education.

## **Aims of Our Hive**

- ✓ Support children to recognise, validate and understand emotions
- ✓ Establish strategies to help children regulate emotions
- ✓ Develop life skills and a positive approach towards learning
- ✓ Support children to reach their potential and close gaps in their academic learning
- ✓ Build trusted relationships in an environment where children can flourish and reach their potential
- ✓ Work in partnership with schools and other agencies to support your child
- ✓ To provide a flexible approach, responding to individual need
